1 Introduction

Chanh Thu Fruit Export - Import Group Joint Stock Company, formerly known as Chanh Thu Co., Ltd., is a company operating in the field of exporting fresh and frozen fruits with over 25 years of experience. With factories located in Ben Tre, Khanh Hoa, and Dak Lak provinces, Chanh Thu has the capacity to supply over 200,000 tons of various types of

fruits per year to markets such as the United States, Japan, Australia, Europe, China, and South Korea. The packing house has been certified for food safety according to FSSC 22000 standard, and has been granted a packing house code that is eligible to export fresh and frozen fruits to the US, China, Australia and New Zealand markets, etc.

Expansion of Packaging Factory

The company continues to invest in expanding its factories in Dak Lak, Tien Giang, and Dong Nai provinces, with a total area of over 12 hectares, increasing production capacity to 300,000 tons per year with modern machinery and storage systems.

2023

Boosting Fruit Exports

Chanh Thu successfully exported official shipments of durian to the Chinese market in September and the first batch of green skin pomelos to the US market in November.

2022

Chanh Thu Fruit JSC

The company transformed from a limited liability company to a joint stock company (Chanh Thu Fruit Export - Import Group Joint Stock Company) with the goal of expanding more export-standard factories.

2021

HALAL Certification

Chanh Thu exported its first batch of lychees to Japan, and the factory obtained HALAL certification.

2020

FSSC 22000 Certification

Chanh Thu exported its first batch of mangoes to the US, and the factory obtained FSSC 22000 certification.

2019

USA Code

The US Department of Agriculture approved and issued a code to the fruit packaging factory that meets the requirements for exporting to the US market. Chanh Thu was the first Vietnamese company to successfully export rambutans to the US market, with the quantity up to 200 tons.

2012

Chanh Thu Co., Ltd

The model was transformed from a private enterprise into a limited liability company (Chanh Thu Fruit Import-Export Co., Ltd.) with the goal of building packing factories and orchards that meet Vietnamese and international standards and expanding into demanding markets such as the US, France, Australia, Canada, and the Middle East.

2009

1997

Chanh Thu Private Enterprise

Started as a small fruit buyer, purchasing from farmers in the area to sell to larger traders or other companies. In 1997, Chanh Thu Private Enterprise was established, specializing in exporting fresh fruits and vegetables to the Chinese market, with an export volume of 2,000 tons per year.

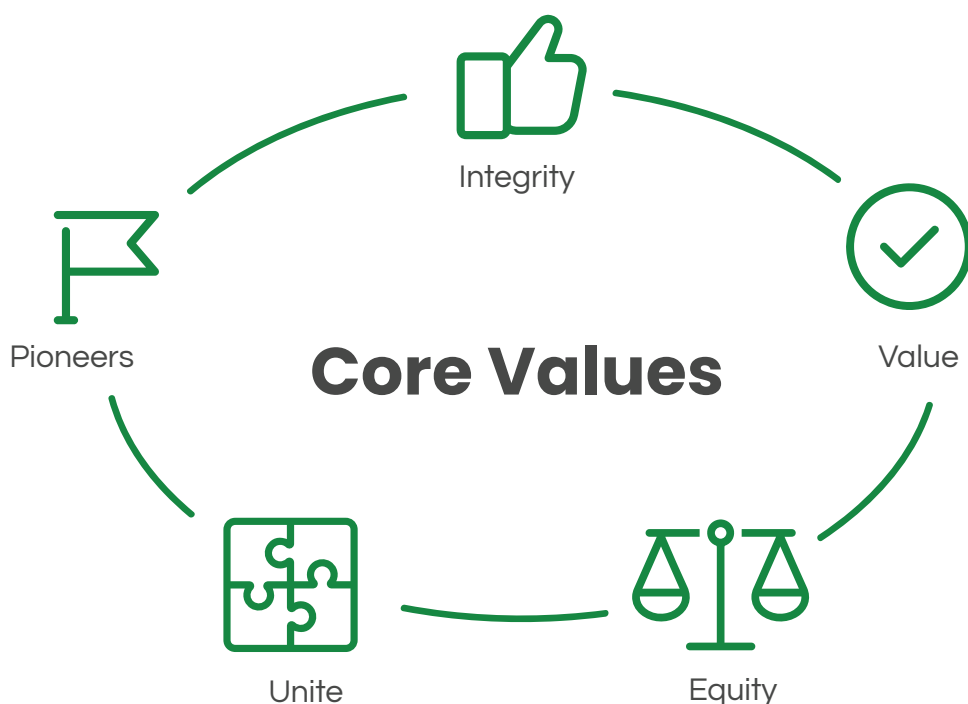

Vision

CHANH THU GROUP will become an international brand and a leading supplier in Vietnam in the field of supplying and exporting fresh fruit, frozen fruit and processed products.

Mission

CHANH THU GROUP is committed to providing the best quality products and services to customers towards the mission of enhancing the value of the fruit brand "Chanh Thu - Made in Vietnam".

“Our Safety Promise

With the motto “Every product is a belief”, we have a strong commitment to food safety and sanitation at every step, from growing to processing, packing and transportation. We are committed to providing safe, fresh and high-quality products for the health and wealth of consumers. Chanh Thu has applied food safety management system according to international standards and obtained certificates such as GLOBAL G.A.P, FSSC 22000, HALAL and HACCP.

GLOBAL G.A.P.

Our associating orchards are issued code and certified for good agricultural production practices according to VietGAP and GlobalGAP. This quality assurance system ensures worldwide standards for agricultural products from planting, harvesting and packaging in order to prevent the harmful elements on the crops to make safer and healthier fresh produce.

FSSC 22000

Products are packed according to FSSC 22000 standards to export to markets such as the US, Australia, and New Zealand. For fruit, well grown and cared for is important but the management system is even more important. Chanh Thu focuses on ensuring food safety by identifying, assessing and controlling risks and hazards during processing, production, packaging, storage, transportation, and distribution of products to customers.

Halal certification - certification for products that are allowed to be used by Muslims. In the process of manufacturing or processing, products do not include other products or processes that contain animals or animal by-products. At our factory, all fruit products meet the requirements of ingredients, are qualified in production, and meet the requirements of Halal standards.

**“Every
Product
Is A Belief.”**

5 Achievement

Affirm its brand while Chanh Thu is the first Vietnamese enterprise successfully exported:
